Certificación Núm. 65-67-7

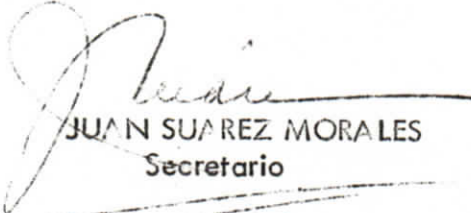

Yo, Juan Suárez Morales, Secretario del Senado Académico de Mayagüez, CERTIFICO:

Que en reunión celebrada por este organismo el día 10 de diciembre de 1965 se acordó endosar las recomendaciones del Consejo Graduado sobre la tarea académica a asignarse a profesores que explican cursos graduados en los programas graduados de este Recinto, según rezan a continuación:

"Ordinarily, the teaching load for a member who teaches graduate courses only, shall not exceed six contact hours in graduate courses. Professors teaching only graduate courses will devote the remainder of their academic program to a substantial amount of organized research and to advising such graduate students as may be assigned to them. In addition, the professors mentioned above may be asked to participate in certain academic assignments, such as sitting on examination committees, participating in special committees, and so on.

The teaching load for professors carrying "mixed" loads (in both graduate and undergraduate programs) shall not exceed a ratio of two hours of undergraduate teaching for each hour of graduate teaching. The maximum teaching load in all cases shall be nine hours, in addition to other responsibilities as stated in the preceding paragraph."

Y para remitir a las autoridades correspondientes, expido la presente en Mayagüez, Puerto Rico, a 5 de enero de 1966.

  
JUAN SUÁREZ MORALES
