Certificación Núm. 65-67-2

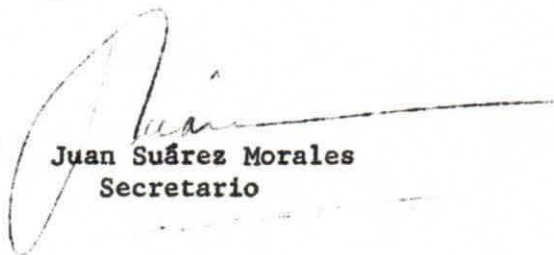

Yo, Juan Suárez Morales, Secretario del Senado Académico de Mayagüez, CERTIFICO:

Que en reunión celebrada por este organismo el día 14 de mayo de 1965 se aprobaron las siguientes recomendaciones respecto al programa de Bachiller en Artes con concentración en Ciencias Sociales sometido por la Facultad de Artes y Ciencias del Colegio de Agricultura y Artes Mecánicas de Mayagüez:

1. Que se exijan conocimientos matemáticos que incluyan álgebra, trigonometría, geometría analítica y estadísticas a todos los estudiantes con especialización en sociología, ciencias políticas y ciencias sociales (general).
2. Que en adición a los conocimientos aludidos en el inciso anterior, se exijan conocimientos de cálculo diferencial e integral a los estudiantes con especialización en economía.
3. Muchos de los cursos requeridos son del tipo "Introducción a ", causando la impresión, quizás equivocada, de superficialidad en el programa. Se recomienda que se examine este aspecto detenidamente, incluyendo la posibilidad de alterar los títulos de algunos cursos.

Se acompaña copia del Programa de Estudios de Bachiller en Artes con concentración en Ciencias Sociales.

Y para remitir a las autoridades correspondientes, expido la presente en Mayagüez, Puerto Rico, a 8 de junio de 1965.
